***About the additional selection**

In the event that a successful applicant declines the offer, an additional candidate will be selected from among those who are not posted this time.

Only those who are eligible will be notified by e-mail (or by phone in case of urgency). Please take action as soon as you confirm the contact from the office.

***About Spring Enrollment FY 2026**

If you are not successful this time, you can still apply for the recruitment after enrolling the doctoral program (application period is scheduled for around April 2026).

If you are successful this time, you may also apply for "Science Tokyo BOOST" for applicants who will enroll the doctoral program in April 2026. However, if you are selected for Science Tokyo BOOST, your support for this program will be cancelled; if you are not selected for Science Tokyo BOOST, you will be eligible to receive support for this program.

——— If you are successful applicant, please make sure to read the following statement. ———

First, congratulations!

1. Response of acceptance by **Wednesday, June 11, 11:00 a.m. (JST)**

All successful applicants must respond.

Even if you withdraw from the application, your response is still required, so please be sure to respond by the deadline.

If you do not respond by the deadline, in principle, we will consider your application as withdrawn.

2. Start of support

In conjunction with the announcement of successful applicants and the start of support for the FY 2026 Spring Recruitment Program, successful applicants for spring enrollment FY 2026 (Offer in Advance) will also start.

Support is currently scheduled to start at the end of June 2026.

- Payment of research Incentives (equivalent to living expenses)

The first payment is scheduled for late July 2026. Only the first payment will be for 4 months (from April to July), and will be paid monthly from August onward.

Documents pertaining to the bank account will be asked to submit in early April, so please have them ready by the time you enroll the doctoral program.

- Allocation of Research funds

The issuance of the budget codes required for the use of research funds is scheduled for late June 2026.

Execution will be possible after the start of support.

Please note that execution will not be possible before this date.

- Provision of Off-Campus Study Plus

You can apply after the start of support.

If you plan to off-campus study immediately after the start of support, you may be able to apply in advance.

Please contact the office after enroll the doctoral program.

3. Sharing with relevant parties

Please be sure to inform your expected academic supervisor who will be a Budget Execution Manager.

If you are being treated as a dependent by a person who is obligated to support you (such as a parent) for health insurance, support allowance, etc., in principle, you will need to be removed as a dependent. Please be sure to contact the person who is obligated to support you.

If you have any questions about the above, please contact us using the inquiry form on our website. In principle, we do not accept phone calls or e-mails.

Thank you.
